Training for Trainers Part III

Transforming Learning

Presented by the

Georgia Association on Young
Children

SO, WHAT IF ...

...you are a BFTS approved trainer and want to present advanced level classes under the Georgia Child Care Training Approval System?

... you are a trainer and want to help participants move from understanding and applying knowledge to creating new ways of working and thinking?

... you want to improve your delivery and questioning techniques and help participants evaluate and self-author ideas?

If any of these dilemmas apply to you, and you are an experienced trainer, Training For Trainers (TFT) Part III: Transforming Learning will assist you in preparing and delivering training to participants at the advanced level in ECE, SAC or ADM competencies.

Trainers will learn advanced constructivist approach methods to support the learner's extension of research and evidence-based knowledge and their ability to share that knowledge with others. TFT Part III will focus on examination of characteristics of advanced audiences, processing techniques and training that includes synthesis and evaluation.
